A non-conforming use of land, or a non-conforming use of a structure and land in combination shall not be extended or enlarged after passage of this Resolution by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses of a nature which would be generally prohibited in the district in which such use is located.

Section 420  Avoidance of Undue Hardship. To avoid undue hardship, nothing in this Resolution shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction, was lawfully begun prior to the effective date of adoption or amendment of this resolution and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction, provided that the work shall be carried out diligently.

Section 430  Single Non-Conforming Lots of Record. In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory building may be erected on any single lot of record at effective date off adoption or amendment of this Resolution notwithstanding limitations imposed by other provisions of this Resolution. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This
provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than those applying to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. Variances of requirements listed in Article 9 and 10 of this Resolution other than lot area or lot width shall be obtained only through action of the Board of Zoning Appeals as provided in Section 540 through 549.

Section 431  **Non-conforming Lots of Record in Combination.** If two or more lots or a combination of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this Resolution and if all or part of the lots with no buildings do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this Resolution and no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this Resolution, nor shall any division of any parcel be made which creates a lot with a width or area below the requirements stated in this Resolution.

Section 440  **Non-Conforming Uses of Land.** Where, at the time of adoption of this resolution lawful uses of land exist which would not be permitted by the regulations imposed by this Resolution, the uses may be continued so long as they remain otherwise lawful, provided:

1. No such non-conforming uses shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this Resolution.

2. No such non-conforming uses shall be moved in whole or in part to any portion of the lot or parcel other that occupied by such uses at the effective date of adoption or amendment of this Resolution.

3. If any non-conforming uses of land are discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), any subsequent use of such land shall conform to the regulations specified by this Resolution for the district in which such land is located.

4. No additional structure not conforming to the requirements of this Resolution shall be erected in connection with such non-conforming use of land.
Section 450  Non-Conforming Structures. Where a lawful structure exists at the effective date of adoption or amendment of this Resolution that could not be built under the terms of this Resolution by reason of restrictions on area, lot coverage, height, yards, its location on the lot, bulk, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in a way which increases its non-conformity, but any structure or portion thereof may be altered to decrease its non-conformity;

2. Should such non-conforming structure or non-conforming portion of structure be destroyed by fire or an Act of God, it may after approval by the Board of Zoning Appeals, be reconstructed as it previously existed. All remaining debris shall be cleared away and disposed of properly within two months of the time of destruction;

3. Should such structure be moved for any reason for any distance whatever it shall thereafter conform to the regulations for the district in which it located after it is moved.

Section 460  Non-Conforming Uses of Structures or of Structures and Land in Combination. If a lawful use involving individual structures, or of a structure and land in combination, exists at the effective date of adoption or amendment of this Resolution that would not be allowed in the district under the terms of this Resolution, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this Resolution in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located;

2. Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this resolution; but no such use shall be extended to occupy any land outside such building;

3. If no structural alterations are made, any non-conforming use of a structure or structure and land, may, upon appeal to the Board of Zoning Appeals, be changed to another non-conforming use provided that the Board of Zoning Appeals shall find that the proposed use is equally appropriate to the district than the existing
non-conforming use. In permitting such change, the Board of Zoning appeals may require appropriate conditions and safeguards in accord with other provisions of this Resolution.

4. Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the non-conforming use may not thereafter be resumed;

5. When a non-conforming use of a structure, or structure and land in combination is discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), the structure or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located;

6. Where non-conforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land except as stated in Section 450 paragraph 2.

Section 470 Repairs and Maintenance. On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing provided that the cubic content existing when it became non-conforming shall not be increased. Nothing in this section shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

Section 480 Uses Under Conditional Use Provisions Not Non-Conforming Uses. Any use which is permitted as a conditional use in a district under the terms of this Resolution shall not be deemed a non-conforming use in such district, but shall without further action be considered a conforming use.

Each member shall be a resident of the township.

The Board of Township Trustees may appoint two (2) alternate members to the zoning commission for terms to be determined by the Board of Township Trustees. An alternate member shall take the place of an absent regular member at any meeting of the zoning commission. An alternate member shall meet the same appointment criteria as a regular member. Vacancies shall be filled by appointment by the trustees for the unexpired term of the member affected.

Section 510  Proceedings of Zoning Commission. The Commission shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this Resolution. Meetings shall be held at the call of the
chairperson and at such other times as the Commission may determine. All meetings shall be open to the public. The Commission shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions all of which shall be a public record and be immediately filed in the office of the Commission.

Section 511  **Duties of Zoning Commission.** For the purpose of this Resolution the Commission shall have the following duties:
1. Initiate proposed amendments to this Resolution;
2. Review all proposed amendments to this Resolution.

Each member shall be a resident of the unincorporated area of the township.

   The Board of Township Trustees may appoint two (2) alternate members to the Board of Appeals for terms to be determined by the Board of Township Trustees. An alternate member shall take the place of an absent regular member at any meeting of the Board of Appeals. An alternate member shall meet the same appointment criteria as a regular member. Members of the Board may be removed from office by the Trustees for cause upon written charges and after public hearing. Vacancies shall be filled by appointment by the trustees for the unexpired term of the member affected.

Section 521  **Proceedings of the Board of Zoning Appeals.** The Board shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this Resolution. Meetings shall be held at the call of the chairperson and at such other times as the Board may determine. The chairperson, or in his absence the acting chairperson, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The Board shall keep minutes of its proceeding, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be a public record and be immediately filed in the office of the Board.

Section 522  **Duties of the Board of Zoning Appeals.** In exercising its duties, the Board may, as long as such action is in conformity with the terms of this
Resolution, reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have the powers of the Zoning Inspector from whom the appeal is taken. The concurring vote of (3) three members of the Board shall be necessary to reverse any order, requirement, decision or determination of the Zoning Inspector, or to decide in favor of the applicant on any matter upon which it is required to pass under this Resolution or to effect any variation in the application of this Resolution. For the purpose of this Resolution the Board has the following specific responsibilities:

1. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, interpretation, or determination made by the Zoning Inspector;
2. To authorize such variances from the terms of this Resolution as will not be contrary to the public interest, where, owing to the special conditions, a literal enforcement of this Resolution will result in unnecessary hardship, and so that the spirit of this Resolution shall be observed and substantial justice done;
3. To grant conditional use permits as specified in the Office Schedule of District Regulations and under the conditions specified in Article 9 and such additional safeguards as will uphold the intent of this Resolution.

Section 530 **Duties of Zoning Inspector, Board of Zoning Appeals, Legislative Authority and Courts on Matters of Appeal.** It is the intent of this Resolution that all questions of interpretation and enforcement shall be first presented to the Zoning Inspector, and that such questions shall be presented to the Board only on appeal from the decision of the Zoning Inspector, and that recourse from the decisions of the Board shall be to the courts as provided by law. It is further the intent of this Resolution that the duties of the Township Trustees in connection with this Resolution shall not include hearing and deciding questions of interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in this section and this Resolution. Under this resolution the Township Trustees shall have only the duties of considering and adopting or rejecting proposed amendments or the repeal of this Resolution as provided by law; and of establishing a schedule of fees and charges as stated in Section 360 of this resolution. Nothing in this Resolution shall be interpreted to prevent any official of the Township from appealing a decision of the Board to the courts as provided in the Ohio Revised Code. Any such
appeal shall be made within ten (10) days of the Board’s written decision.

Section 540 **Procedure and Requirements for Appeals and Variances.** Appeals and variances shall conform to the procedures and requirements of Section 541-549, inclusive, of this Resolution. As specified in Section 522, the Board of Zoning Appeals has appellate jurisdiction relative to appeals and variances.

Section 541 **Appeals.** Appeals to the Board of Zoning Appeals concerning interpretation or administration of this Resolution may be taken by any person aggrieved or by any officer or bureau of the legislative authority of the township affected by any decision of the Zoning Inspector. Such appeal shall be taken within twenty (20) days after the decision by filing, with the Zoning Inspector and with the Board of Zoning Appeals, a notice of appeal specifying the grounds upon which the appeal is being taken. The Zoning Inspector shall transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken.

Section 542 **Stay of Proceedings.** An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Inspector from whom the appeal is taken certifies to the Board of Zoning Appeals after the notice of appeal is filed with him that by reason of facts stated in the application, a stay would in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Zoning Appeals or by a court of record on application, on notice to the Zoning Inspector from whom the appeal is taken on due cause shown.

Section 543 **Variances.** The Board of Zoning Appeals may authorize upon appeal in specific cases such variance from the terms of this Resolution as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this Resolution would result in unnecessary hardship. No non-conforming use of neighboring lands, structures, or buildings in the same district and no permitted or non-conforming use of lands, structures, or buildings in other districts shall be considered grounds for issuance of a variance. Variances shall not be granted on the grounds of convenience or profit, but only where strict application of the provisions of this Resolution would result in unnecessary hardship.
Section 544  **Application and Standards for Variances.** A variance from the terms of this Resolution shall not be granted by the Board of Zoning Appeals unless and until a written application for a variance is submitted to the Zoning Inspector and the Board of Zoning Appeals containing:

1. Name, address, and phone number of applicants;
2. Legal description of property;
3. Description or nature of variance requested;
4. A narrative statement demonstrating that the requested variance conforms to the following standards:
   A. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
   B. That a literal interpretation of the provisions of this Resolution would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Resolution;
   C. That special conditions and circumstances do not result from the actions of the applicant;
   D. That granting the variance requested will not confer on the applicant any special privilege that is denied by this Resolution to other lands, structures, or buildings in the same district.

A variance shall not be granted unless the Board makes specific findings of fact based directly on the particular evidence presented to it, which support conclusions that the standards and conditions imposed by subsection 4 of this section have been met by the applicant.

Section 545  **Supplementary Conditions and Safeguards.** Under no circumstances shall the Board of Zoning Appeals grant an appeal or variance to allow a use not permissible under the terms of this Resolution in the District involved, or any use expressly or by implication prohibited by the terms of this Resolution in said district.

In granting any appeal or variance, the Board of Zoning Appeals may prescribe appropriate conditions and safeguards in conforming with this Resolution. Violations of such conditions and safeguards, when made apart of the terms under which the appeal or variance is granted, shall be deemed a violation of this Resolution and punishable under Section 350 of this Resolution.

Section 546  **Public Hearing by the Board of Zoning Appeals.** The Board of Zoning Appeals shall hold a public hearing within twenty (20) days after the receipt of an application for an appeal or variance from the Zoning Inspector or an applicant.
Section 547  **Notice of Public Hearing in Newspaper.** Before holding the public hearing required in Section 546, notice of such hearing shall be given in one newspaper of general circulation in the Township at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.

Section 548  **Notice to Parties in Interest.** Before holding the public hearing required in Section 546, written notice of such hearing shall be mailed by the chairperson of the Board of Zoning Appeals, by first class mail, at least ten (10) days before the day of the hearing to all parties in interest. Parties of interest shall include, but not be limited to, property owners contiguous to and directly across the road (street) from the property concerned. The notice shall contain the same information as required of notices published in newspapers as specified in Section 547.

Section 549  **Action by Board of Zoning Appeals.** Within thirty (30) days after the public hearing required in Section 547, the Board of Zoning Appeals shall either approve, approve with supplementary conditions as specified in Section 545, or disapprove the request for appeal or variance. The Board of Zoning Appeals shall further make a finding that the reasons set forth in the application justify the granting of the variance that will make possible a reasonable use of the land, building, or structure. Appeals from Board decisions shall be made in the manner specified in Section 530.

Section 560  **Procedure and Requirement for Approval of Conditional Use Permits.** Conditional uses shall conform to the procedures and requirements of section 561-568, inclusive of this Resolution.

Section 561  **General.** It is recognized that an increasing number of new kinds of uses are appearing daily, and that many of these and some other more conventional uses possess characteristics of such unique and special nature relative to location, design, size, method of operation, circulation, and public facilities that each specific use must be considered individually. These specific uses as they are conditionally permitted under the provisions of Article 9, shall follow the procedures and requirements set forth in Sections 562-568, inclusive.

Section 562  **Contents of Application for Conditional Use Permit.** An application for conditional use permit shall be filed with the Chairperson of the Board of Zoning Appeals by at least one owner or
lessee of property for which such conditional use is proposed. At a minimum, the application shall contain the following information:
1. Name, address, and phone number of applicant;
2. Legal description of property;
3. Description of existing use;
4. Zoning district;
5. Description of proposed conditional use;
6. A plan of the proposed site for the conditional use showing the location of all buildings, parking and loading area, traffic access and traffic circulation, open spaces, landscaping, refuse and service areas, utilities, signs, yards, and such other information as the Board may require to determine if the proposed conditional use meets the intent and requirements of this Resolution.
7. A narrative statement evaluating the effects on adjoining property; the effect of such elements as noise, odor and fumes and on adjoining property; a discussion of the general compatibility with adjacent and other properties in the district; and the relationship of the proposed use to the Comprehensive Plan.

Section 563

**General Standards Applicable to all Conditional Uses.** The Board shall review the particular facts and circumstances of each proposed use in terms of the following standards and shall find adequate evidence showing that such use at the proposed location:
1. Is in fact a conditional use as established under the provisions of Article 9 and appears on the Official Schedule of District Regulations adopted by Section 910 for the zoning district involved;
2. Will be designed, constructed, operated, and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area;
3. Will not be hazardous or disturbing to existing or future neighboring uses;
4. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and school; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services;
5. Will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community;
6. Will not involve uses, activities, processes, materials equipment and conditions of operation that will be detrimental to property, or the
general welfare by reason of excessive production of traffic, noise, smoke, fumes or odors;

7. Will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares.

Section 565 **Supplementary Conditions and Safeguards.** In granting any conditional use, the Board may prescribe appropriate conditions and safeguards in conformity with this Resolution. Violations of such conditions and safeguards, when made a part of the terms under which the conditional use is granted, shall be deemed a violation of this Resolution and punishable under Section 350 of this Resolution.

Section 566 **Procedure for Hearing, Notice.** Upon receipt of the application for a conditional use permit specified in Section 562, the Board shall hold a public hearing, public notice in a newspaper, and give written notice to all parties in interest according to the procedures specified in Section 545 through 548.

Section 567 **Action by the Board of Zoning Appeals.** Within thirty (30) days after the public hearing required in Section 566, the Board shall either approve, approve with supplementary conditions as specified in Section 565, or disapprove the application as presented. If the application is approved or approved with modifications, the Board shall direct the Zoning Inspector to issue a conditional use permit listing the specific conditions specified by the Board for approval. If the application is disapproved by the Board, the applicant may seek relief through the Court of Common Pleas. Appeals from Board decisions shall be made in the manner specified in Section 530.

Section 568 **Expiration of Conditional Use Permit.** A conditional use permit shall be deemed to authorize only one particular conditional use and said permit shall automatically expire if, for any reason, the conditional use shall cease for more than two (2) years.
